SACRAMENTO DAILY RECORD-UNION.

The RECORD-UNION at
once steps to the head in the
county, everybody taking it
to get the very latest news."

VOLUME LVII.—NO. 138.

SACRAMENTO, MONDAY MORNING, AUGUST 1, 1887.

CHANGED DAILY FOR C. H. GILMAN—AUGUST 1, 1887.

SECOND WEEK!

TENTH DAY OF OUR TWENTY-FOURTH

Semi-annual Clearance Sale

Commencing TO-DAY and during this week we intend to make things lively in Warm Weather Goods. In order to do this, we have spread upon our Counters NEW SPECIAL LOTS, at CUT PRICES,

UNPARALLELED

By any former sale. An examination will be much more satisfactory to all concerned. That's the history; now for items.

A Day Among the White Goods!

Some Cuts in Prices that are Simply Immense.

FANCY GOODS DEPARTMENT.

Ladies' Lunch or Shopping Baskets, 10 cents each.

FIRST COUNTER FANCY GOODS DEPARTMENT.

The Celebrated Waterbury Nickel Stem-winding Watches, \$2.15.

FURNISHING GOODS DEPARTMENT.

GENTLEMEN:

To-day, perhaps necessity will compel you to purchase Clothing for yourself or boys. If so, you desire to buy the best for the least money without fear as to the results. Our doors stand wide open, inviting you to give our stock of Clothing a critical examination. If these garments do not meet your ideas of merit, and the price don't suit, there will be no dissatisfaction on either side if you do not buy. The closing cut prices we have made in this Department bear no relation to the cost of the goods, for all must go.

MEN'S SUITS, \$3.50 AND UPWARDS.

RED HOUSE.

Nos. 714 and 716 J street, and 713 and 715 Oak Avenue, Sacramento.

A. CARD.

I take pleasure in certifying to the medicinal

properties of the *Alma Mineral Waters*. It is

not from a mere cursory investigation, but

after a full and careful examination, I am

convinced of its splendid remedial qualities.

As a general regulator of the system it cannot

be surpassed. It will be a blessing to those

to whom it is given.

DR. T. P. CALLENDAR, 1618 Laguna street,

San Francisco, May 17, 1887.

A CARD.

Dear Sirs—I am most happy to render the following statement, which has been made to me

and I have had much trouble from insomnia

and the toothache, the result of dyspepsia.

By chance I had to drink a glass of *Alma* Water and it relieved me from the

ague, dyspepsia, etc., and I can say it is as well as I ever had. I have recommended it to my acquaintances similarly afflicted, and they have experienced the same

results.

W. C. REED.

San Francisco, May 17, 1887.

A CARD.

After a year's continuous use of the *Alma* Mineral Waters I have no hesitancy in saying

that I have never found the equal of the *Alma* Water in any of the mineral waters, both foreign and home produced,

and have yet to find the waters that do

not surpass it. *Alma* Water is the best.

The properties are unexcelled.

M. GOGLIN.

Another hot spell has been making life miserably in some of the Atlantic States the last few days.

McNair's, the Chicago boodler, has finally reached Canada in safety.

It is reported from Paris that General Boulanger and ex-Premier Ferry will fight their duel to-day.

The Federal Government is taking step to look into the confession of the church property of the Bostonians.

A remarkable gold discovery is reported in Grizzly Flat district, El Dorado county.

Last evening rain, thunder, lightning and hail storms prevailed in Sacramento county.

EL DORADO AND HYDRAULIC MINING.

Our excitable contemporary, the *Mountain Democrat*, knows very well that the RECORD-UNION entertains no enmity towards El Dorado county. Our contemporary's effort to work up a sensation in that direction will prove futile. No similar influence has done, or will do more, to promote the prosperity of El Dorado than the RECORD-UNION.

The occasion of the *Democrat's* agitation is found in the fact that the Recon-Union believes in protecting the valley and the rivers from the devastating flood of slickens and sand sent down by hydraulic mining in several counties.

There are not many hydraulic mines in El Dorado, but such as they are, the operators are as amenable to the law as those in Yerba or Nevada or Butte. There is but one course for the people of the valley to pursue, and that is in the line of self-protection. They would forfeit the good opinion of the people of El Dorado if they did less than to act in self-defense.

This hydraulic mining question is not to be settled by vituperative exclamations, nor the calling of bad names. The truth is, El Dorado's best interest does not lie in choosing between proper development of her resources by legitimate methods and injurious hydraulic mining, in favor of the latter. It is condemned by the law when it fills the rivers and destroys lands upon their lower reaches. The Courts are a unit upon that point. It is inevitable that such hydraulic mining must cease, and only the short-lived will continue to do battle for it. One of the heavy hydraulic mining firms whose works have been suspended by injunction in Placer county said to us recently: "We know that our process destroys the rivers, and if continued will obliterate their navigation; we know that the working of our claim does irreparable damage to valley lands, and threatens your towns and cities. The law condemns it; the Courts have declared it a public nuisance, and we resolved to cease work permanently, and no longer resist the inevitable, and did so months ago. We were wrong originally, and frankly admit it; our interest is that of the whole State, and hence we resolved to do nothing more to injure our neighbors. It was hard upon us, but we recognized it to be our duty to obey the law and conserve the right, and we did so."

The local feeling in El Dorado concerning injunctions against hydraulic mining is very easy to be understood, and is no feeling of hatred in the valley because of it. The people of the valley also suffered, and severely. The growth and development of the wholesale has been retarded for years because of injury done. Rivers once navigable by deep-water vessels have shrunk to creeks upon which only shallow, flat-bottomed boats can be used; the waters are retained within banks only at enormous expense, or not at all; lands once of great value and fertile in character have been covered up and changed into sandy wastes and rendered worthless and unproductive. The exercise of the natural instinct of self-preservation is not, therefore, to be classed with vindictive assaults or hostile and prejudiced acts. If, as is contended, the small hydraulic miners of El Dorado, working but a few feet of bank, and mainly in gravel, are not contributing to the evil, then the owners will not be harmed and judgments cannot be obtained against them. If they are contributing, however, the law must take its course there as elsewhere. It has been vainly attempted to show that the valley is antagonistic to quartz mining, El Dorado's chief mining interest; but the truth is, the valley has never taken any action against such mining, and has constantly declared that it has no issue with it; that it has not and does not propose to assail mining in general, but only the specific kind that works injury to the valley. Let our neighbors in El Dorado understand that the valley people have no ill-feeling against them; on the contrary, they look upon the development of that county with profound interest, and have hailed the new spirit of progress there with undisguised gratification. Hydraulic mining, that so grotously injures its neighbors, cripples the efforts to develop this section, and threatens at one time the absolute destruction of rivers and river lands, is not essential to the well-being of that county. It is not dependent upon it; the promise of the county with its newly-discovered magnificent quartz ledge; its fruit acreage; its lumber interests and its many other resources, is independent of the process that washes the hills into the rivers, and covers bottom lands with sand and silt.

SOCIAL AND PERSONAL.

J. C. Stephens, of Placerville is in town.

Colonel Ed. R. Hamilton returned last evening from Sacramento.

Hon. Charles Keeler, of Carson, is spending a few days in Sacramento.

Miss Alice Crump and children and sister, Mrs. Ada Stewart, have returned home.

Mr. Keener, of Amador City, has been in Galt the past week visiting his daughter, Mrs. F. C. Clough.

Miss May Hembry and Miss Maud Berry have gone to Sweetwater Springs for a short time.

El S. Harrison, Passenger Agent on the Denver and Rio Grande Western Railway, is spending a few days in the city.

A. Strong and wife, of Galt, intend shortly to remove to Spokane Falls, W. T., where they have two sons residing.

F. J. Clark, the bookkeeper in the State Auditor's office, who came near being killed by the gas explosion in the Capitol building some days ago, is able to step upon the street again.

The following Galt folks will leave next week for Monterey to be absent about a month: Mrs. Don Ray, Mrs. P. E. Martin, Mrs. Nettie Galt, Mrs. F. E. Brewster, Mrs. J. A. Sampson, Mrs. C. C. Olden, Mrs. J. K. McKinstry, and Mr. and Mrs. Pianay and family.

Danielwitz, the young gentleman who holds the post of State Auditor, and who has been busily engaged in writing to *Leopold* reporters in San Francisco for a few weeks past, telling them "why he don't know about Sacramento," has returned to the capital city.

But, my young friend, even that bachelor among you can be made a home, if you like place if you so will, and if you like to go to public library and then bring into your room such authors as you can afford to be intimate with, and you may spend many an hour in your room.

There will be quite an exodus to the sea-side by the 10 o'clock train to-day.

According to present signs nearly a carload of ladies and children will be taken by that train for Monterey.

The following Galt folks will leave next week for Monterey to be absent about a month: Mrs. Don Ray, Mrs. P. E. Martin, Mrs. Nettie Galt, Mrs. F. E. Brewster, Mrs. J. A. Sampson, Mrs. C. C. Olden, Mrs. J. K. McKinstry, and Mr. and Mrs. Pianay and family.

Mr. O'Reilly, the young gentleman who holds the post of State Auditor, and who has been busily engaged in writing to *Leopold* reporters in San Francisco for a few weeks past, telling them "why he don't know about Sacramento," has returned to the capital city.

But, my young friend, even that bachelor among you can be made a home, if you like place if you so will, and if you like to go to public library and then bring into your room such authors as you can afford to be intimate with, and you may spend many an hour in your room.

The rank of vice are being recruited and our populations polluted from godless lands, sabbathless, undisciplined homes and the thing that is needed to-day above all others for the advancement of this great civilization is the conservation of a pure morality, is mainly religion—Jesus Christ enthroned and enshrined in the homes of our people.

FIRE COMMISSIONERS.

The Decree of the Bosses Put Into Operation.

Saturday afternoon Fire Commissioner Slater, accompanied by the Secretary of the Commission and M. O'Meara, an aspirant for the office of Chief Engineer, went to the sick room of Commissioner Connor, who was ill for eight months, for the purpose of holding a meeting to elect officers. The meeting, which was present was a newspaper reporter. The meeting was called to order by Connor, and the commissioners immediately proceeded to elect the officers. M. O'Meara was nominated by Slater for Chief Engineer and elected. M. O'Meara was elected Superintendent of the Fire Alarm. The other elections were as follows: R. Trengrove, elected of the "Hook and Ladder" Company; O. W. O'Gle, engineer; G. W. Wilder, Foreman of Engineers; and G. W. Jackson, the other voter, "Accommodating Clerk." It was given the "grand bonus" and J. A. Kelly put in his place. E. L. Cox, Foreman of No. 1; M. Brazil, extramural; C. H. W. F. Powers, an extramural member of Slater's "bunch"; and Thos. Townsend elected in his place. J. H. Moore also "had offended," and A. Pritchard chosen to fill the vacancy, all by the motion of Mr. Slater. Slater then made a speech, and Mr. Goddard, who had been suspended "for good cause" by the Assistant Chief. Both Commissioners "shamed" Goddard all over with taunts. Clerk G. W. Jackson, was re-elected, and Commissioner Slater said he hoped there would be no reduction of salary in this office.

The meeting was most harmonious, there was no dissenting vote. The programme of no more concession was ever carried or more satisfied to the powers that controlled and manipulated it.

SOME LIVELY FUN AHEAD.

"Whom the gods would destroy they first made mad," seems to aptly describe the situation into which the bosses in their unbridled greed to rule everything in Sacramento have put themselves by claiming absolute control and domination over the Fire Department to make it purely and simply a political "boss" machine.

No company with having twelve members of its department, and the American convention to vote absolutely as directed by the machine, Chief Sullivan became obnoxious because he attended strictly to his duty of putting out fires, and did not care for the social grubbing, and the drinking against the bar of the downtown saloons, drinking whisky and putting up political jobs to turn *honest men* out of office, to no avail.

Nothing has transpired in the city for many a day that aroused such a degree of indignation and condemnation as the farce perpetrated in the sick room of Commissioner Connor on Saturday last, and the *Record-Union* on the same day, and the counting-rooms, the more intense the feeling of revolt at the absolute reign of bossism that has settled down like a pall over the city. The might and weight of our less fortunate were seen on street corners making the "air-biting, controlling power," and advocating the holding at once of a mass and indignation meeting.

THE PRESENT SITUATION.

Mr. Griffiths, President of the Board of Fire Commissioners, who ignored the "sick doctor meeting," as the put up quite generally term, the reason is now known to be that he is the only member of the so-called newly elected officers. As President of the Board, he has given Mr. Sullivan positive orders to continue to oppose the firemen and execute the orders of Chief of the Fire Department, and to permit no other person to assume such office and duties.

Chief Sullivan's time for which he was elected would have expired last night at 12 o'clock, but the officers were not here, but President Griffiths orders that the meeting of Saturday was to be a lawful meeting, and hence that no successor has been chosen, and that Mr. Sullivan is still a new Chief has been elected in his form.

In accordance with Mr. Griffiths' orders "Barks is willin'" and Sullivan says he will continue in possession of the office, the keys and seal of the Department, and compelled the Comptroller to sign them up.

Wrestly citizens told him last night to go ahead and employ the best course he could procure and they would see him go.

Mr. Griffiths says that all accounts for pay of the members of the Fire Department must have his signature, and that he "will sign no payroll for the pay of officers and members unless it is presented to him at the Saturday meeting, will, he says, be retained upon the roll and be paid as usual, and the hours that he drives (which belongs to the Fire Department) into a down town stable, and gave strict instructions that no one was to be allowed to take it, unless by his orders or that of Mr. McNamee.

It is impossible that the situation can remain thus many hours without a collision of authority, if it does not occur even before the first meeting is readied.

The two commissions, it is stated, were acting under advice of counsel in the matter of holding the meeting on Saturday afternoon, and claim they are impregnable in their action and position, and it is said, in the language of Ross Tweed, snap their fingers and say, "What are you, kavanooga?"

On Saturday morning, B. W. Kavanaugh, a local notary public, and his son, a recent apprentice, sought out Chief Sullivan and anxiously urged him to publish a card denying the statement published in the *Record-Union*, that he had several times appointed Mr. Sullivan to be his friend with the position that for \$100 he would be allowed, by the powers that be, to retain his position. Mr. Sullivan indignantly replied: "Publish a card denying it. I deny it, unless by the order of the kind, but I will prove it if necessary."

Leg Broken.

A runaway team on K street yesterday morning caused considerable excitement, and resulted in serious injury to John Spicer, who, in attempting to catch one of the horses, fell in such a position on the cobble stones as to get his left ankle under the wheel of the wagon. He was picked up by a policeman, who evidently knew the ropes, and carried to Mr. Hamm's drug store, from there he was taken to a room in the International Hotel. A physician attended and found the bone broken below the ankle, and the runaway team continued on down to Front and then across the bridge, where it was caught. The team became tangled with the horses, and Mr. Spicer was a laborer on the farm.

HELP BY THE ENEMY!—The Sacramento theater going public will be right in the presentation of "Help by the Enemy." It will be produced for the first and last time in this city. The comments of the press both in San Francisco and New York upon this play are most flattering. "A. & G."s" seem to have been struck by the popularity of the play, and were presented, it has held on for weeks, and in some instances repeated for months, to houses crowded nightly. It is used to fill up a corner of the stage in praise of this most popular play upon the stage to-day; suffice it say that those who attend to-night will enjoy a rare treat, and those who stay away will lose an opportunity such as this, and again be offered in many months. To-night only.

Dress circle and parquet, \$1; balcony, 50¢.

LUCKY PIONEERS.

The *Altas* Downed by the Salt Water Boys.

The great interest in the national game was at such a fever heat yesterday as on any previous occasion. An hour before the game was called the grand stand was crowded to its utmost capacity, and all the chairs in the reserved stand were engaged. The preliminary skirmishes on the diamond, for the purpose of limbering up the muscles and getting in good trim for the decisive struggle, was closely watched, and every ball was brought to the admiring of each player. The Pioneers seemed confident from the beginning, but the sympathy of the audience was with the *Altas*.

The Pioneers won the toss and sent the *Altas* to the bat for the first.

FIRST INNING.

Meagher hit a foul to J. Smith, which was held. Caveney hit to Lorigan and was thrown out at first. Mullie flew to Pierier, and Gagus hit to Newhert, who assisted Moore at second. Jack Smith fanned and was assisted out at first by McLaughlin. Gagus took second on Hayes' error. Nick Smith took first on Hayes' error and Gagus came home. Smith was caught on second by McLaughlin's assist.

SECOND INNING.

Altas—Hayes took his base on balls. McLaughlin hit safely to right field, on which Hayes came home. Powers rapped out a hit to center field, on which Hayes came home. Powers was assisted at first by Newhert, who assisted Moore at second. Jack Smith fanned and was assisted out at first by McLaughlin. Gagus took second on Hayes' error. Nick Smith took first on Hayes' error and Gagus came home. Smith was caught on second by McLaughlin's assist.

THIRD INNING.

Altas—Lorigan took Gagus' place in the box, Gagus going to second. Caveney fanned, and Lorigan failed to hold the ball and a bad throw was made. Powers was safe at the initial on Hurley's error and stole second. Caveney home on an error by Hurley. Hayes took his base on balls. McLaughlin fanned to Carroll. Powers was assisted out at first by Gagus. Newhert fanned and was thrown out at first.

Pioneers—Carroll flew to Meagher. Moore took his base on balls. Gagus fanned to McLaughlin. J. Smith hit safely to right and was put out on the line.

FOURTH INNING.

Altas—Powers hit a hot liner over third base. Flint flew out to J. Smith with Meagher fanned to Pierier, who threw to Caveney. Powers hit safely over second. Lorigan hit safely over second. On Hayes' error Pierier came home. Carroll hit to Mullie and was put out on the line.

FIFTH INNING.

Altas—Powers made a base hit to left, Mullie hit to N. Smith, who then fanned him. Powers was assisted out at first by Newhert, who assisted Moore at second. Powers hit to Carroll. Powers was assisted out at first by Gagus. Newhert fanned and was thrown out at first.

Pioneers—Carroll flew to Meagher. Moore took his base on balls. Gagus fanned to McLaughlin. J. Smith hit safely to right and was put out on the line.

SIXTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned and was thrown out at first.

Pioneers—Carroll flew to Hurley. Hurley fanned. Pierier hit safely over second. Lorigan hit safely over second. On Hayes' error Pierier came home. Carroll hit to Mullie and was put out on the line.

SEVENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

EIGHTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

NINTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

TENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

ELEVENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

TWELFTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

THIRTEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

FOURTEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

FIFTEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

SIXTEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

SEVENTEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

EIGHTEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

NINETEENTH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

TWENTIETH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

TWENTIETH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center. Pierier lined the ball out to left for three bases, bringing in Taylor and Lorigan, and was put out at first. Lorigan was assisted out at first by Anderson. Carroll received the same treatment at the hands of Newhert.

TWENTIETH INNING.

Altas—Powers hit to Hurley and was thrown out at first. Newhert hit to Hurley, and Anderson hit a one to left, went to second on a passed ball, to third on a wild pitch, where he was safe at second. Powers hit to Carroll. Powers was assisted out at first by Newhert, Gagus fanned to right. J. Smith hit to Pierier. Newhert hit safely to center.
